

Airbrush Make Up Workshop

COURSE OUTLINE

Who wouldn't want the glamorous, flawless complexion you'll now be able to give them? Your clients will love how quickly your airbrushing skills will smooth away lines, cover blemishes and leave them radiantly beautiful and confident.

Whether you're a first-timer or desire advanced airbrush makeup training, this 2 day hands-on class will teach you how to hone your skills in colour matching as well as applying foundation, blush, stencil work with eye shadow & eyebrows, eyeliner, and more to yourself and your fellow classmates.

Airbrush makeup dries almost instantly, requires no setting or powdering, it's water-based and completely hypoallergenic without clogging up pores. Lasting up to 18 hours with little to no touch-ups, airbrush makeup will add an important new dimension to your beauty services and is perfect for weddings, grads and overall beauty application.
