

Level 3 – Comprehensive Foot & Leg Evaluation (4 days)

Course content includes:

- Biomechanics related to walking
- Normal and abnormal gait patterns
- Sports injuries
- Diseases which affect gait
- Physical foot abnormalities and how they affect gait
- Different types of Orthotics

You will also get a chance to evaluate feet and observe different gait patterns. Get yourself filmed from behind while you are walking, and have some fun with each other!

Benefits of this course:

- Better understanding of your clients' feet while giving a pedicure.
- Ability to make suggestions to improve your client's gait.
- Enough knowledge to know when to recommend insoles or Orthotics, and/or when to refer clients to a Podiatrist or other specialist.
- Eligibility to apply for the designation C.Pod (Certified Podologist)

Past students' comments include:

"this was a fun way to learn"

"very interesting and useful information"

"kept my attention"

"I was skeptical, but soon learned the benefits of the class"
