

## HANDS-ON Waxing Workshop - 2 Day Intensive with Maria Pillon

In this 2 days HANDS-ON course you will learn the skill of effective hair removal. This course provides a complete theory and practical training required to be proficient and skilled in this specialized esthetic service.

This course includes topics such as anatomy of the hair, cycles of hair growth and the do's and don'ts of proper epilation. Practical training for facial and body waxing will ensure your knowledge of various waxing techniques and contraindications. You will also learn proper salon and spa sanitation measures in accordance with the Canada Health.

What you will learn how to wax in the following areas:

- Leg (using standard wood applicators)
- Underarms
- Bikini (not Brazilian)
- Arms
